An infant of John and Leora Turner, aged two months, was found dead in the bed Monday morning. NOTICE TO HUNTERS AND SPORTSMEN

You are hereby notified that the law of the state of Tennessee requires you to have a hunting license when hunting upon the lands of another. This applies to shooters who go on the lands of another that they do not have charge of or leased. The county license are \$1.00 for the county that they issued, and the state license are \$2.00, good anywhere in the state except Reelfoot Lake.

The state game and fish warden in an open letter to the newspapers has requested every one to secure these license, and has appointed secret service men in the counties to assist wardens to see that every one has them, and I want to notify you now that it does not matter if you are hunting rabbits or anything that you use a gun to shoot you will have to have these license with you at the time you are found hunting, of you will be prosecuted regardless of who you are and where you are. This law applies to boys as well as grown people. Last year I said nothing to the boys that were hunting, but this year I will have to request every one that goes hunting to secure license. You secure license from the county court clerk at the court house who will answer all questions regarding the game and fish laws. Farmers or land owners when hunting on their own land do not have to have license.

The quail season opens the 15th day of November, and closes the 31st day of December. You are allowed 20 birds each day. If you are a good sportsman you will not kill more. Leave some for the other fellow and you will never be bothered.

BAPTISTS REPORT \$35,000,000 CASH

CAMPAIGN HAS MADE POSSIBLE
VAST ENLARGEMENT OF EVERY
PHASE OF GENERAL WORK

GAIN 500,000 NEW MEMBERS

Effort Will Be Made to Enlist These
and All Other Baptists in Share
in Forward Movement During November

Total cash collections on the Baptist 75 Million Campaign up to May 1, 1922, had reached the sum of \$35,152,211.69, according to the general Campaign headquarters. This represents an advance of nearly \$20,000,000 over what Southern Baptists did for their general missionary, educational

and benevolent work for the three years preceding the Campaign.

The contribution of larger gifts to religious work has been accompanied by larger spiritual results in the local churches. It is pointed out. For instance, Southern Baptists baptized 150,000 more converts during the first three years of the Campaign than they did in the three years before, gained 3,000 new Sunday schools and 400,000 new pupils, enhanced the value of their local church property by \$32,000,000, enlarged their contributions to local causes by \$22,390,000, and increased their contributions to all causes by \$43,450,490.

Baptist Institutions Grow
Some other phases of denominational progress made possible by the Campaign include increasing the number of Baptist hospitals in the South from 12 to 19, with three others under construction and four more definitely planned; strengthening of 17 Baptist orphanages and the establishment of two new ones, lifting \$3,000,000 indebtedness on 119 Baptist schools, colleges and seminaries, completion and projection of permanent improvements there in the sum of \$4,000,000, and the addition of substantial sums to the endowment funds. Over 2,500 ministerial students are enrolled at Southern Baptist schools.

Church Loan Fund Raised
Among the outstanding accomplishments in the work of the Home Mission Board are the adding of 1,000 churches in building new houses of worship, the completion of the million-dollar Church Building Loan Fund, strengthening the work among the foreigners and Indians and the 38 Mountain mission schools. The Board has employed an average of 1,495 workers during the Campaign and reports for that period 134,532 baptisms, 218,371 additions to churches, 2,276 Sunday schools and 759 churches organized, and 1,409 houses of worship built or repaired.

On the foreign fields the equipment for mission work has been practically doubled, more than 250 new foreign missionaries have been sent out, more than 400 new native workers have been employed, and the Board has entered the new fields of Spain, Yugoslavia, Hungary, Roumania, Southern Russia, Palestine and Siberia. The Board reports for the period of the Campaign 117 new churches on the foreign fields, 21,723 baptisms, 211 new Sunday schools, gain of 17,576 pupils, native contributions of \$1,008,390.68, and 529,642 treatments administered by medical missionaries.

Another result of the Campaign is that the Relief and Annuity Board, which is seeking to care for the aged dependent ministers and their families, has been enabled to double the number of such persons helped and the amount that is given these beneficiaries. Last year the Board was able to dispense \$128,966 among needy ministers. It has invested assets of \$1,149,083.

Receive 500,000 New Members
More than 500,000 new members have been received into the local Baptist churches of the South since the Campaign began, and in the hope of enlisting all these in the Campaign, as well as reaching the older members of the churches who have not shared in the forward movement heretofore, the month of November 5-December 8 has been designated as Re-enforcement Month by the Campaign Conservation Commission. During this month it is planned that every Baptist church in the South will call upon all its members who are not already participating in the Campaign and secure subscriptions from them covering the two remaining years of the movement, and cash offerings to the Campaign from all the members. Dr. L. R. Scarborough, of Fort Worth, Texas, who was general director of the original Campaign, has been elected to serve in that capacity for the Re-enforcement program, although the details are being worked out in the various states under the leadership of the secretaries of the state mission boards. It is hoped to secure several million dollars in additional subscriptions and several millions in cash as well by December 1.
